Kindergarten	\$135	\$135	\$55 - 262
School Age	\$68	\$75	\$39 - 168

ASSISTANCE

- Because the cost of high quality care is not affordable for many families - even when the government provides space and equipment - tuition assistance is critical.
- Centers reported a total of \$1,034,010 was distributed from a variety of sources - \$322,449 from Combined Federal Campaign/United Way contributions and the balance primarily from state funds, recycle funds or fundraising events run by the boards of directors. 100% of the centers offer a tuition assistance program
- 1,999 families received some form of tuition assistance at some time between October 2000 and September 2001
- 148 Federal families received tuition assistance from their agency under the pilot subsidy program for Federal employees
- 70% of the Centers received Combined Federal Campaign and/or United Way contributions
- Grant money, used for training and special programs to enhance quality, also directly or indirectly affected the cost of care for parents.
- 18 centers received non-Federal grants
- 43 centers participated in the USDA Food Program
